Good Afternoon Kimberly,

We want to clarify that this is one of the shipments that was already in transit and could not be updated with the feedback received from you and others at EPA. As noted in my letter to you on July 5, 2021 we have already designated this shipment for reexport. Please let us know if you have any questions.

Thank you,

Kimberly,

I have uploaded the manual for the iWave-V in DIS. There is no iWave-R product included in this shipment.

Hi Dora,

Is there a manual for the IWAVE-V? There is a manual uploaded for the IWAVE-R but not the IWAVE-V?

Is the IWAVE-R included in this shipment (since the manual was provided)?

Good morning,

Has the paper NOA been sent to the regional office for this entry? If so, can you send the NOA and labels in reply to this email?

Dear Ms. Tomczak,

Please note that this entry will not be filed as GPS has directed that this shipment will be re-exported back to China instead.

Since a paper Notice of Arrival will need to be issued in this case, could you confirm this should be sent to your office in Atlanta, GA as I do not find an EPA office in Charleston, SC?

Thanks & regards,  
Dora
